Joining a Rotary Route walk for mental health is a meaningful way to stand with individuals and families affected by mental health challenges while raising awareness across our communities. Participation helps reduce stigma, foster understanding, and advocate for access to critical mental health resources and support services.

Ninety-eight percent (98%) of funds raised through each Rotary Route walk directly support nonprofit organizations providing mental health services in the immediate community where that walk is held, ensuring resources stay local and make a measurable impact.

In collaboration with Rotary clubs throughout Orange County, your sponsorship provides visibility at all Rotary Route Walks in Rotary District 5320 during May 2026, connecting your business with a district-wide movement rooted in hope, connection, and community well-being.
